Also present

**Regionaal Samenwerkingsverband Passend
Voortgezet Onderwijs Eindhoven en Kempenland
(Regional partnership for inclusive secondary
education)**

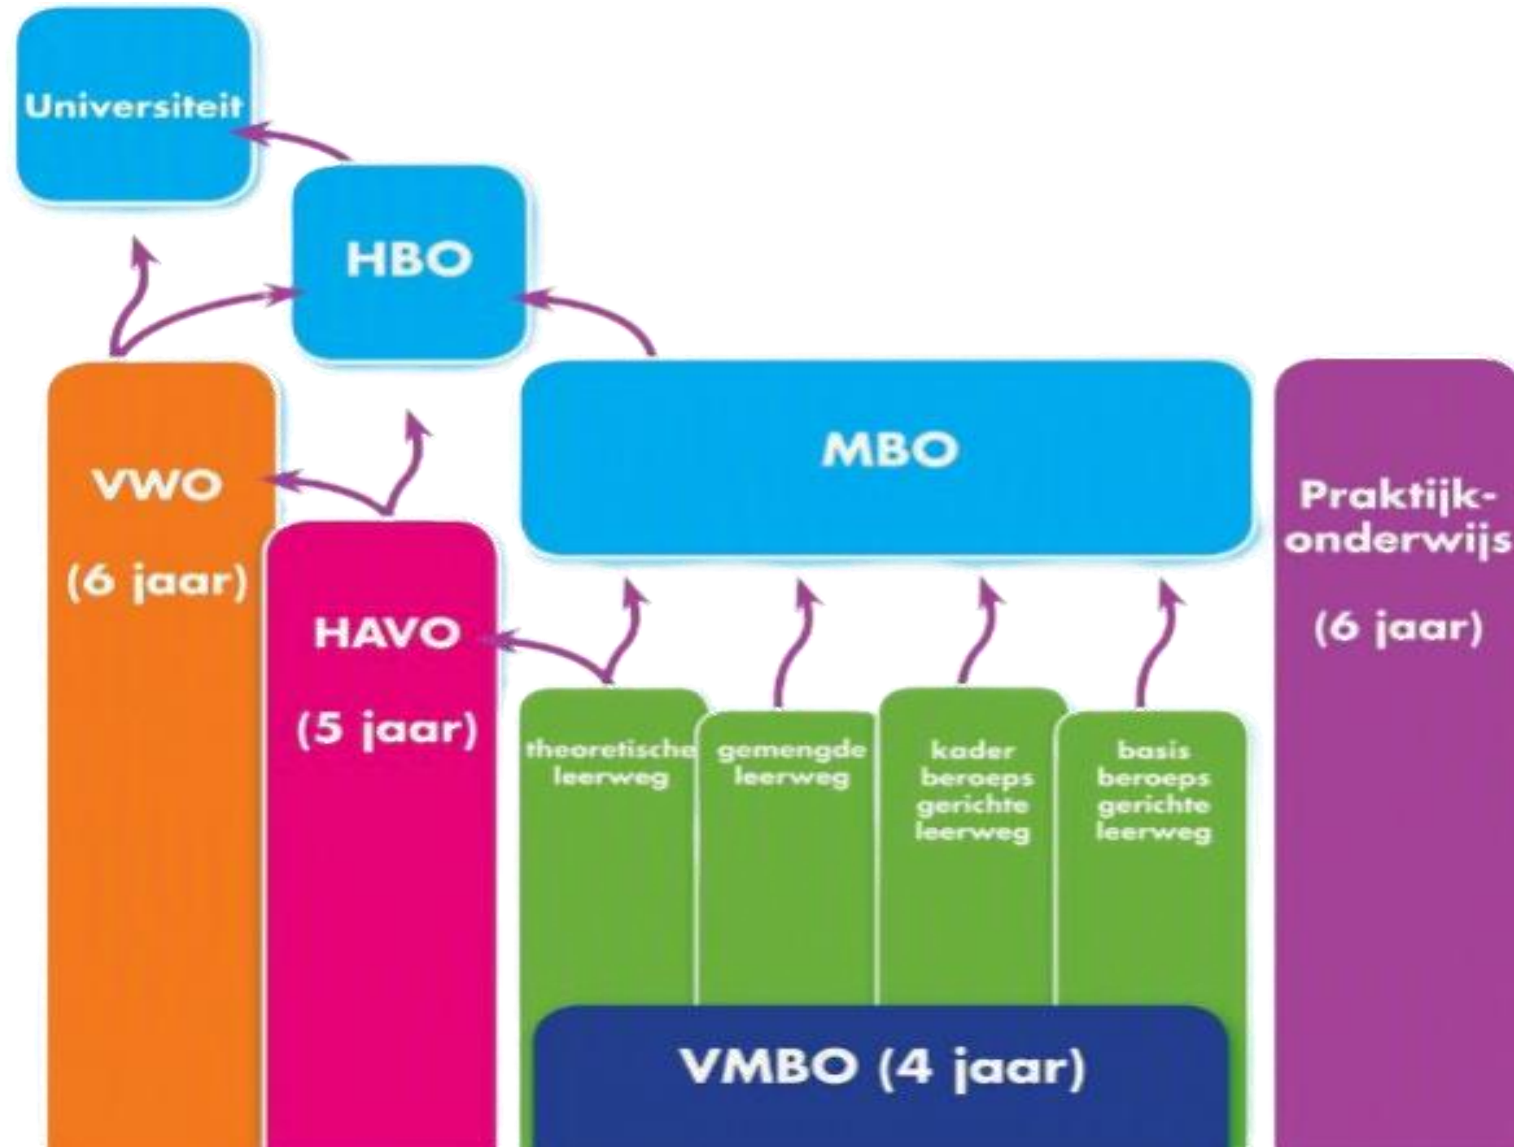

With the support of all these partners within our
region, we can provide secondary education
children with special needs

The Dutch School System

The Dutch School System
explained

Secondary Education in the Netherlands

Havo: General Secondary Education, a five-year programme preparing students primarily for higher professional education (HPE – universities of applied sciences)

5 years
3 years lower
secondary
2 years upper
secondary

Preparation for HPE
(universities of applied
sciences)

Havo diploma → vwo
5 or MBO/Senior
secondary vocational
education

Primarily theoretical
subjects

Learning by applying
knowledge

Intelligent, proactive
pupil with a practical
mindset

Vwo: Pre-University Education, a six-year programme preparing students for university

6 years
3 years lower
secondary
3 years upper
secondary

Preparation for
university and HPE

Two choices:
atheneum and
gymnasium

Atheneum: vwo
without Latin or Greek
Gymnasium: vwo **with**
Latin and Greek

Atheneum and
gymnasium: same
opportunities at
universities!

Independent,
inquisitive and
analytical mindset

What do pupils learn in havo/vwo?

Lower Secondary: class 1 – 3

- Broad, general theory, knowledge and skills
- Compulsory subjects (slight differences between schools)

Upper Secondary: class 4/5 havo en class 4/5/6 vwo)

Choosing the right course (the first step towards further education):

- Science & Technology
- Science & Health
- Economics & Society
- Culture & Society

Courses Havo & Vwo

Course/Profile	Core Subjects	Possible routes

Natuur & Gezondheid (N&G) Science & Health	Mathematics A of B, chemistry, biology	medicine, biology, pharmaceutical industry, physiotherapy, life sciences
Economie & Maatschappij (E&M) Economics & Society	Mathematics A of B, economics, history	economics, business administration, law,
Cultuur & Maatschappij (C&M) Culture & Society	History, art and design, sociology, mathematics A or C, no mathematics	Languages, art and design, media, cultural studies, social studies

- *Core subjects are compulsory*
- *Elective subjects may vary per school and profile choice*

Registration secondary education in Eindhoven Kempenland

**End January/beginning
February 2027:**
doorstroomtoets

*Secondary school placement
test taken in primary school*

Deadline 24 March 2027:
definitive

*recommendation/advice for
secondary education*

25 - 31 March:
Registration week

Registration Week (25 – 31 March)

Login code LDOS-system via primary school

No code? Make an appointment with your first choice via the school's website

Deadline 31 March preference list of 4 schools in LDOS

First school of choice, possible to give 2 preferences for first year levels (+3 other schools)

In LDOS only schools matching your child's recommendation will be visible

Some schools give children priority with (half)siblings already at the school

After registration week

Allocation and admission

- 2 April 2027 at 3.30 pm: results can be seen in parent portal [uitslag/result LDOS](#)
- Deadline 13 May 2027: confirmation of admission by allocated school
- Refusal to accept a pupil is only possible if a school is unable to offer the necessary support (exceptional cases)
- School's duty: the school will help parents find a suitable placement, if necessary

Explanation of Admission

- More than 5000 pupils groep 8
- **Guidelines for admissions:** as many pupils as possible for first choice
- Notary
- More than 97% admitted to first choice
- More than 99% admitted to a school on preference list

Lottery Based Admission Procedure

Not admitted to a school on preference list?

- contact by phone before results are released in LDOS
- list of schools with availability
- listing new **top 3** in LDOS
- reallocation
- 100% guarantee for 1 of the 3 schools

Explanation of admissions

This means:

- no 100% guarantee for a school on preference list
- Absolute guarantee for a school (which matches recommendation primary school)

Mini Tours of Schools

Possible questions:

Different first-year classes and educational levels

Duration of bridging course

Necessary recommendation from primary schools for each type of first year

(extra) Subjects and special programmes

Pedagogical and didactic profiles

Extra support or guidance (dyslexia, ASS, highly gifted, etc.)

Thank you for your attention!
